02 Log in

Thandi logs in with her name and password, and picks the trading date. Today the till also wishes her colleague Lerato a happy birthday.

03 Scan

While the basket is empty, the till shows head office's promotions. A scan adds the item with its picture, and the puffer jacket comes in at its markdown price.

10 Staff sale

Staff buy on their account. The till lists the store's staff accounts with what each has available, and a supervisor approves the sale.

Deposit. The deposit is paid like any sale. The lay-by contract prints twice, and the stock moves from the floor to the lay-by room.

18 Day-end

At closing, the manager runs the day-end. It checks the airtime, closes the day for every till, prints the cash-up, and says exactly what to bank.

19 Banking

Banking picks up the closed day with its amount already filled in. The deposit slip prints, and head office sees what was banked.

20 Every store

Head office works in the cloud dashboard. It shows every store at a glance: which are fine, which need attention and why, and which have gone quiet.

XPOS stores Head-office accounts and unlock codes Settings Banners Pictures Blue Label

22 Replay

When a store phones in, support can replay a till's screen, with every key the cashier pressed. This is the till from earlier in this video.

23 Unlock codes

Some actions at a store need head office, like reopening a closed day. The till shows a challenge, and head office gives a one-time unlock code, recorded against their name.

Give a store an unlock code

The till shows the store code, what it wants to unlock, and a challenge. Sign in with your own head-office account: the code is recorded against your name.

Store

0199 Durban Berea

What to unlock

Undo day-end for today

Challenge

Again

The logo of the South African Revenue Service (SARS) is located in the bottom right corner. It is a circular emblem featuring the South African flag's colors and the text 'SOUTH AFRICA' and 'REVENUE SERVICE'.

24 Settings

Settings are set once for the whole group, or per store where a store differs, and reach the tills within minutes.

XPOS settings [Stores](#) [Banners](#) [Pictures](#) [Head office](#)

Settings for

The whole group

Show

Settings for the whole group

These apply to every store, unless a store has its own value. Changes reach the store's tills within a few minutes.

SETTING	VALUE
Group name Top left of every receipt, and on the PayFlex and M-Pesa slips. Set (Head Office, 2026/10/21, 15:06)	<div>LEKKER FASHION</div> <div>Save</div>
Store name on receipts Second line of the receipt header. The default	<div></div> <div>Save</div>
Store city or province After the store name in the day-end printout header (legacy store_city). The default	<div></div> <div>Save</div>
Store telephone Printed as "Tel:" in the receipt header. The default	<div></div> <div>Save</div>
VAT number Printed as "VAT#" in the receipt header. A tax invoice must carry it. The default	<div></div> <div>Save</div>
Store address One line on the receipt, up to 44 characters. The default	<div></div> <div>Save</div>

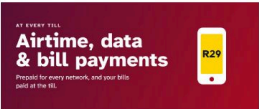

25 Banners

Head office uploads the banners the tills show between customers, for every store or just one, with start and end dates.
